**interior
lighting**

Zapraszamy do rozpoczęcia przygody z marką **Altavola Design**, która pozwoli Państwu ujrzeć swoje wnętrza w zupełnie nowym świetle.

Oświetlenie przestrzeni mieszkalnej to nie tylko dostarczenie domownikom ostrego widzenia w dzień i w nocy. LAMPY stanowią istotny element dekoracyjny, nadający wnętrzu specyficzny wyraz oraz budujący pożądany nastrój. Świadome operowanie światłem wydobywającym się z określonego rodzaju oprawy modeluje przestrzeń, pozwala zaakcentować pewne elementy, inne zaś skutecznie ukryć, wydobyć detale, podkreślić kolory i faktury, uwypuklić kształty, rozjaśnić lub przyciemnić pomieszczenie oraz optycznie zmienić proporcje przestrzeni.

Kolekcje naszych lamp zabiorą Państwa w podróż ukazującą swoim wzornictwem historię oświetlenia wnętrz – od replik rustykalnych, drewnianych żyrandoli, które wieki temu rozświetlały rycerskie sale i zamkowe komnaty, aż po ultranowoczesne oświetlenie XXI wieku w kształcie ledowych figur geometrycznych.

W ofercie **Altavola Design** znajdują się również kolekcje niezwykle modnych lamp industrialnych zaprojektowanych współcześnie na wzór XIX wiecznych lamp gazowych o sferycznych szklanych kloszach. Ich loftowy styl podkreślają przepiękne, ozdobne żarówki przypominające te, które zaprojektował Thomas Edison pod koniec XIX wieku. Wśród naszych „peretek” nie brakuje oczywiście modernistycznych form oświetlenia, szklanych i metalowych lamp zaprojektowanych według idei Bauhausu.

Z radością oddajemy w Państwa ręce katalog produktów marki Altavola Design ufając, że uda nam się rozświetlić Wasze wnętrza niezwykłym blaskiem naszych lamp.

Katarzyna Ławniczak i Marcin Więckowski
Twórcy marki

ENGDE

A New York loft, a Provence villa or modernist minimalism? Altavola Design is an interior design magician that can transform any space into a stylish place. Providing original lamps, furniture and interior design accessories, Altavola charms the surroundings and arouses a passion for beauty.

While Altavola Design casts a spell on interior design, its success is not an effect of magic but of professionalism, passion and top quality. In only a few years, this Polish brand's products have made their way into the work of designers from all over Europe. The elegant lamps and furniture made in the industrial, Provençal and modernist styles contribute to the ambience of exclusive homes, cafes and offices.

In the current decade there has been a dramatic change towards minimalism and austerity in architecture. Simplicity, space and light prevail! Light is an important element of contemporary interior arrangements. It moulds rooms, emphasizes what is worth noting and fiercely guards household secrets.

Light has a power which hypnotizes and changes any location. A lamp is not only an object of daily use lightening up an interior, but also an important, sometimes key element of the architectural game. Altavola Design knows the power of light. Lighting has become the brand's strength. Out of the ordinary lamps, furniture and accessories stave off boredom, bewitch any space and make an indelible mark.

Are you ready to be delighted?

Ein New York – Dachboden, eine provenzalische Villa oder vielleicht das modernistische Minimalismus? Die Marke von Altavola Design besteht der Innenraumzauberer, der den Raum in eine stilvolle Stelle verändert. Anzubietend die originellen Lampen, die Möbel und die Zusätze zwecks der Innenraumgestaltung bezaubert diese die Umgebung und entdeckt die Leidenschaft für die Schönheit.

Altavola Design bezaubert die Räume, aber derer Erfolg ist es keine Zauberei sondern der Professionalismus, die Vorliebe und die höchste Warenqualität. In ein paar Jahren finden die Waren dieses polnischen Firmenzeichens einen wichtigen Platz unter den Architektenarbeiten aus der ganzen Europa. Die Stillampen und die Möbel in dem industriellen, dem provenzalischen und dem modernen Stil bilden die Stimmung in den exklusiven Häusern, in den Kaffeehäusern und in den Büroräumen.

Das letzte Jahrzehnt charakterisiert sich durch das Minimalismus und die Stränge in der Architektur. Es herrschen eine Einfachheit, ein Raum und ..ein Licht! Das Licht besitzt einen wesentlichen Platz bei den modernen Raumgestaltungen. Es gestaltet den Raum, betont das, was merkwürdig ist und versteckt die Hausgeheimnisse. Das Licht verfügt über die Kraft, die jeden Raum lockend macht und ihn verändert. Die Lampe besteht nicht nur einen Nutzgegenstand, der den Innenraum erhellt, aber auch das wesentliche und manchmal das wichtigste Element des architektonischen Spiels.

Altavola Design kennt die Macht der Licht. Die Beleuchtung besteht die Macht der Marke. Die außergewöhnlichen Lampen, die Möbel und die Zusätze verzaubern die Langweile, bezaubern die Räume und erlauben nicht von sich zu vergessen.
