

RADAR

PARIS / MILANO

COLLECTION

photo/ studio fotografica

ORIGIN

RADAR arose from the desire to create a collection of graphical objects and sculptural lightings made by qualified European traditional craftsmen using noble materials. RADAR is the complicity between two enthusiasts of art and design, two cities, two life stories, Paris and Milan linked by the culture of fashion and design. RADAR is also the capacity to capture new trends and to be tuned in to our clients needs to produce unique custom-made objects.

CONTRAST

A contrast of materials. Between the gleam of glass and raw wood grain to the brilliance of marble and the matt-finish of plaster.

DESIGN

Solid and fluid forms, graphical curves, pure understated design. A spectrum of noble materials provide a timeless elegance to the product line. RADAR's style is marked by the original codes of industrial design.

A B O U T U S

Francesca Bertini was born in Milan, the mecca of world design. After considering a career as a professional alpine skier she decided to take up another challenge and graduated from Bocconi University in Milan with a degree in International Business Administration. In Italy she worked in the marketing department of a big editorial group and for an important European think tank linked to the Ministry of Foreign Affairs in International and Institutional Relations. Since moving to France, she has built on her experience in the sales department of luxury furnishing brands.

Bastien Taillard was born into a family of interior decorators and designers. He studied at the ENSCI (Graduate School of Industrial Design) in Paris and did his first experiences in Milan. A passionate follower of contemporary art and the skills involved in combining industrial and traditional processes, he began his career in 2007. He now resides in Hong Kong, a city which continues to inspire him and where he collaborates with several different brands.

Bastien Taillard & Francesca Bertini

RAW MATERIALS & SAVOIR-FAIRE

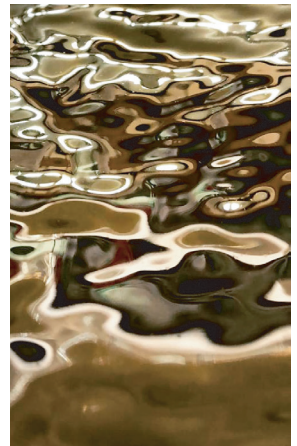

All our raw glass and plaster materials are sourced exclusively in France and Europe and worked and assembled by hand in Poland.

The glass products are cast in traditional workshops, the wood is sourced from sustainable forests, the marble blocks from renowned Italian quarries and the leather from French tanneries.

Even every fabric-covered electric wire is produced in France.

Each piece of furniture, each lamp originates from a noble raw material which has either been very slightly or radically transformed by human intervention.

This geographical proximity enables us to forge a close relationship with our partners and to keep a close eye on quality and production deadlines.

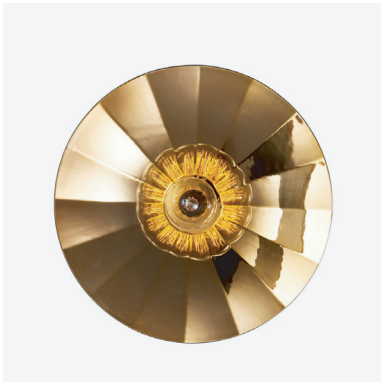

GLASS

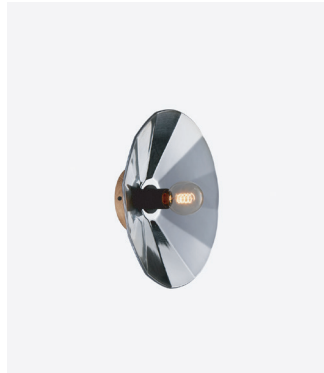

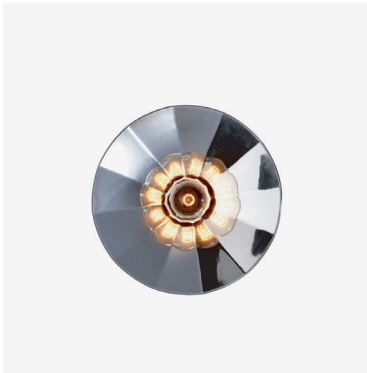

FRACTALE.L and ZENITH.S GOLD
Pablo & Valentina / LILLE

photo/ vincent cordelette

FRACTALE. L

Thermoformed gold glass (available in silver, Bronze).
Structure in solid oak, available in matte black metal.
Height: 15cm. Diameter: 70cm.

FRACTALE. S

Thermoformed silver glass (available in gold, Bronze).
Structure solid oak, Available in matte black metal.
Height: 15cm. Diameter: 40cm.

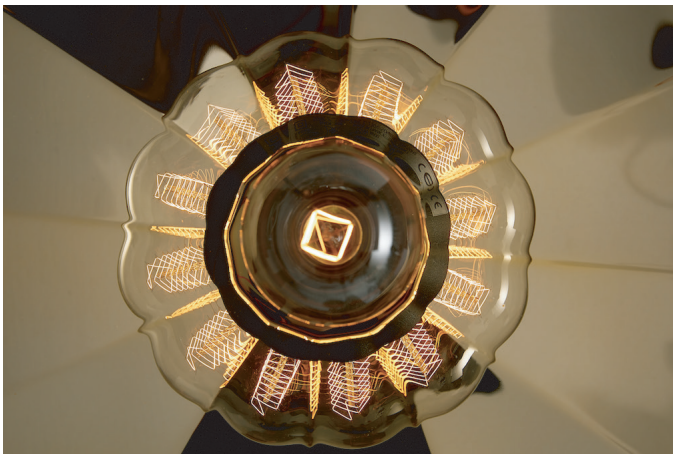

FRACTALE. L / PENDANT

Thermoformed gold glass (available in silver, Bronze).
Structure in solid oak, available in matte black metal.
Height: 15cm. Diameter: 70cm.

COMETA FLOORLAMP / available in fractale/ zenith/ nebbia / iris finish.
Gold thermoformed glass (available in silver, bronze).
Matt black metal structure.
Fabric black cable.
Diameter: 40 cm, height :160 cm

ZENITH GOLD .I. FRANCE

ZENITH DOUBLE GOLD
BARCELONA

ZENITH GOLD .I.
BERLIN

ZENITH. L & ZENITH. S & ZENITH XS / ZENITH PENDANT. L & .S
 Thermoformed glass (available in Gold , Bronze,Silver).
 Matt black metal structure, Also available in solid oak.
 Depth: 15 cm. Diameter: 70 cm, available in diameter 40 cm and 25.

ZENITH. L DOUBLE
 Thermoformed gold glass (available in Silver, Bronze).
 Frame available in black metal or solid oak.
 Height: 20cm. Diameter: 70cm.

photo/ studio fotografica

ZENITH TABLE LAMP

Gold thermoformed glass (available in Silver, Bronze).

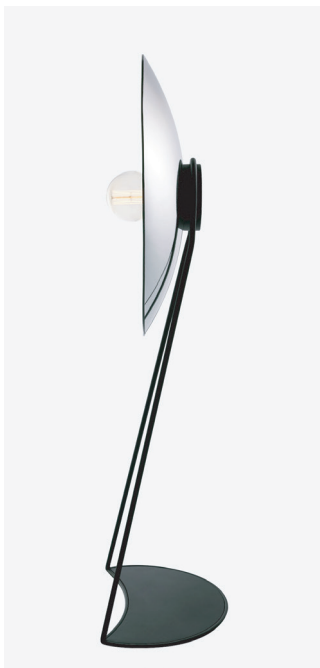

Black matte frame, magnetic fabric cable.

Available in FRACTAL glass, NEBBIA glass, IRIS finish.

Depth: 40 cm. Diameter: 70 cm, available in diameter 40 cm

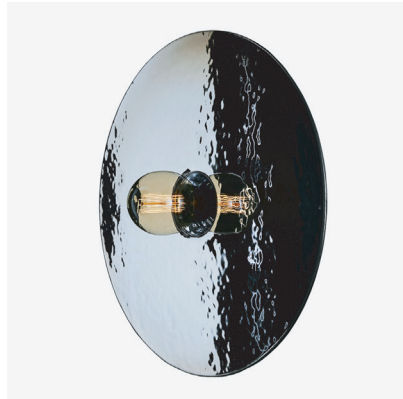

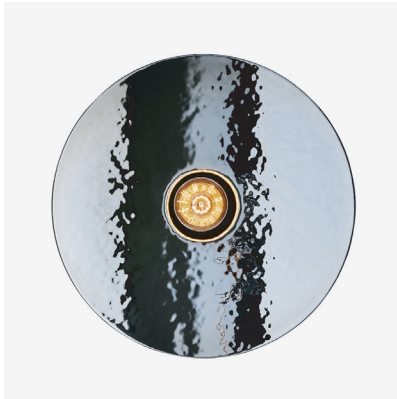

ZENITH FLOOR LAMP

Large silver glass dome,
magnetic fabric cable.
Matte black frame.
Available with glass
FRACTALE, NEBBIA
Bronze, Gold, Iris.
Height: 140 cm.
Diameter:70cm. Depth:40cm.

DUOMO TABLE LAMP

Thermoformed gold glass (available in Gold,Bronze,Iris).
Black matte metal frame.
Fabric cable.
Height: 40cm. Diameter: 70cm.
Available in diameter 40 cm.

MIRAGE. L & MIRAGE. S

Rippled silver glass
 (Available in gold, Bronze, Iris).
 Wall base available in black metal
 or solid oak.
 Height: 10cm. Diameter: 70cm.
 Also available in diameter 40 cm.

PENDANT MIRAGE. L & . S

Thermoformed silver glass
 (Available in gold, Bronze, Iris).
 Wall base available in black metal
 or solid oak.
 Height: 10cm. Diameter: 40cm.
 Also available in diameter 70 cm.

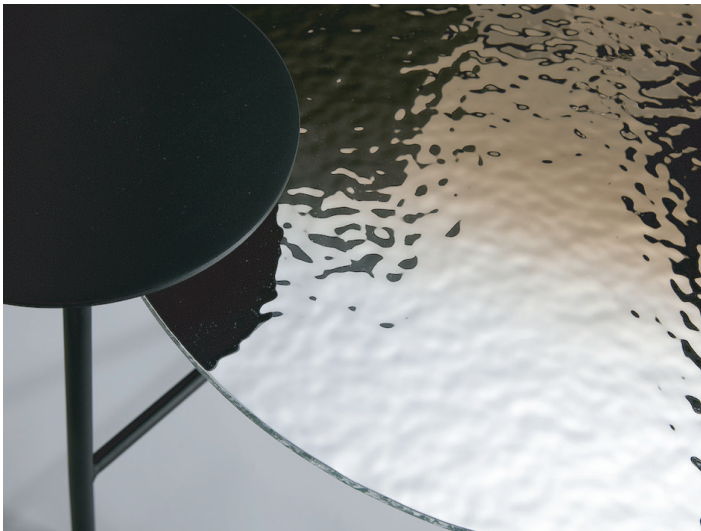

MIRAGE COFFEE TABLE

Rippled Silver glass top, available in gold and IRIS finish.

Black matte metal frame.

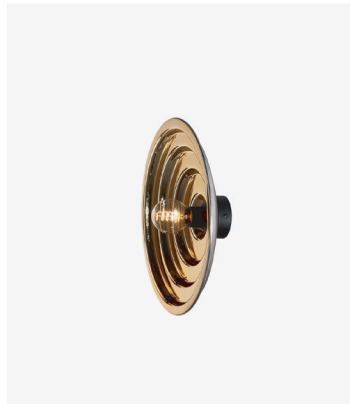

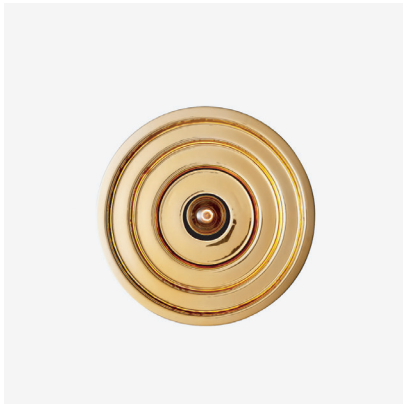

Total Height: 48cm, Diameter : glass top / 60 cm , metal top, 25 cm.

ECHO. L

Thermoformed silver glass (available in gold.)
Wall base available in black metal or solid oak.
Height: 20cm. Diameter: 70cm.

ECHO. S

Thermoformed gold glass (available in silver.)
Wall base available in black metal or solid oak.
Height: 20cm. Diameter: 40cm.

ECHO. L & ECHO. S / PENDANT
Thermoformed silver glass (available in gold). Wall base available in black metal or solid oak. Height: 20cm. Diameter: 70cm.

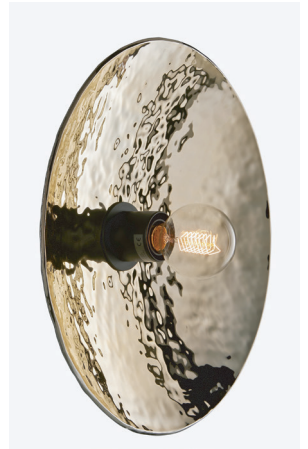

NEBBIA. L & NEBBIA. S / also available NEBBIA PENDANT. L & .S

Gold Rippled glass (available in silver, bronze, Iris).

Matt black metal structure, Also available in solid oak.

Depth: 15 cm. Diameter: 70 cm, available in diameter 40 cm and 25.

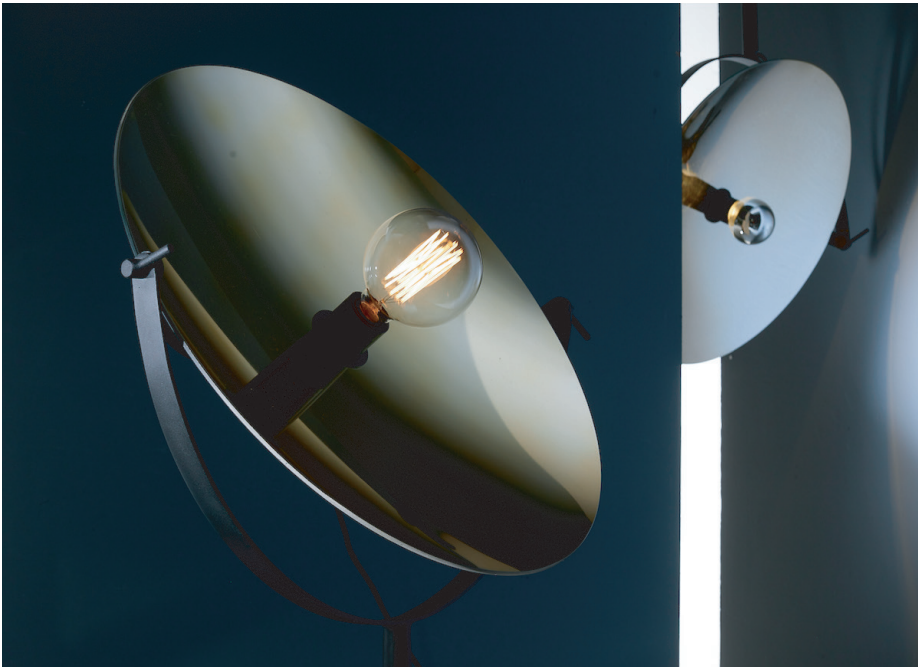

CYCLOPE FLOORLAMP / ROTATIVE ARM ↻

Thermoformed glass (available in Gold , Bronze,Silver).

Matt black metal structure, Also available in solid oak.

Black magnetic fabric cable.

Height:180cm Diam base, 50cm. Diameter: 70 cm.

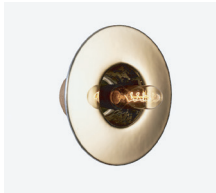

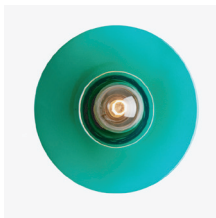

CYCLOPE PENDANT / ROTATIVE ARM ↻

Thermoformed glass (available in Gold , Bronze,Silver).
Matt black metal structure, Also available in solid oak.
Height: 100 - 160cm Depth: 15 cm. Diameter: 70 cm,
available in diameter 40 cm and 25.

CYCLOPE Table Lamp / ROTATIVE ARM

Thermoformed glass (available in Gold , Bronze,Silver).
Matt black metal structure, Also available in solid oak.
Black magnetic fabric cable.
Height:76cm Depth: 25 cm. Diameter: 40 cm,
available in diameter 25cm.

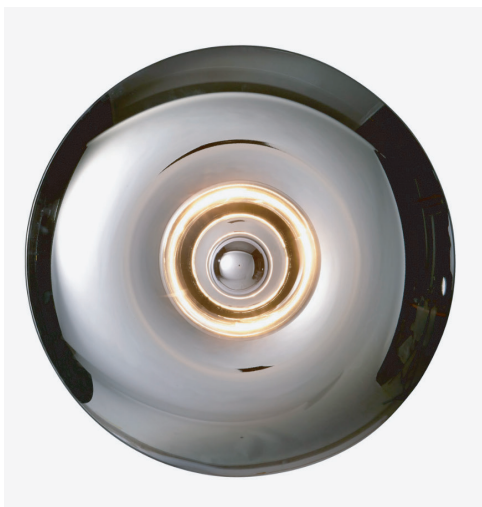

ACID XS /

Translucent thermoformed glass
Available red, Yellow and green.
Wall base available in black metal
or solid oak. Diam: 25 cm Height: 15cm

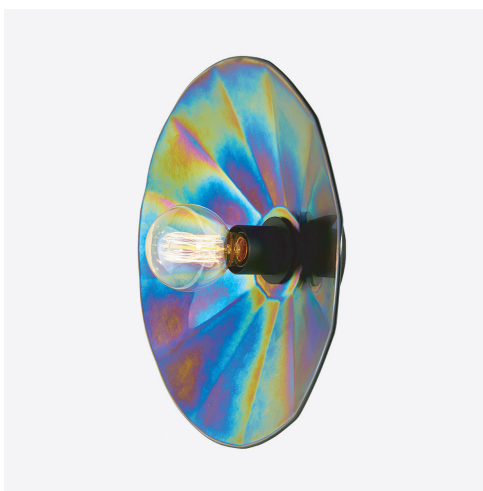

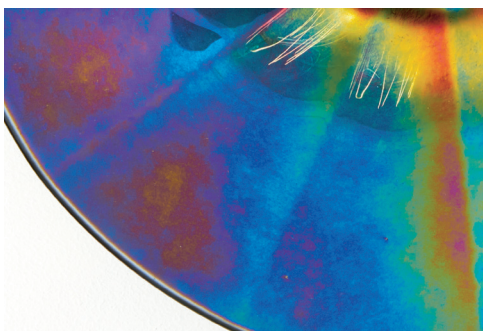

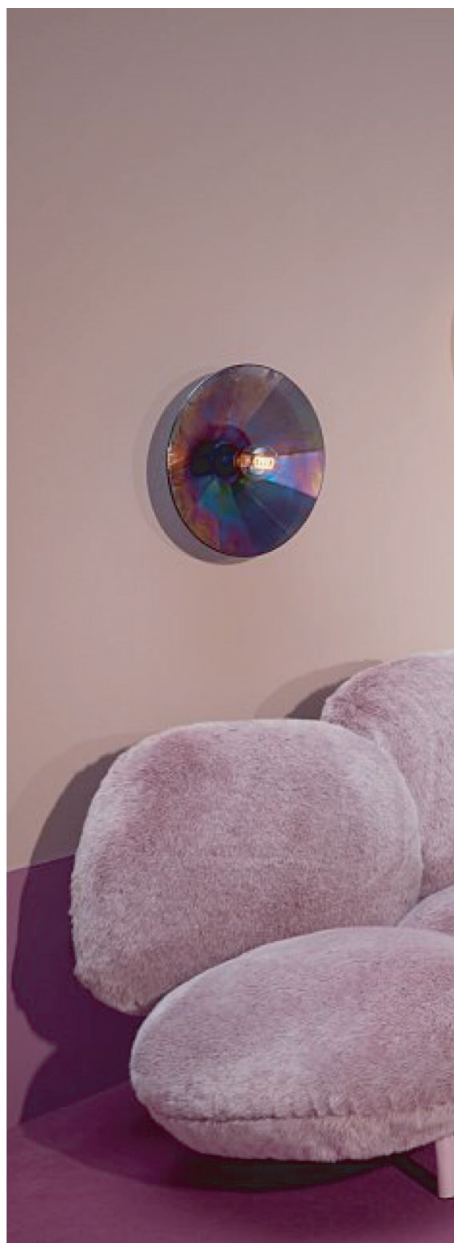

ALVEOLE /

Gold,Silver,Bronze
Diam: 25 cm Height: 15cm

BOMBATO /

Thermoformed glass (available in Gold , Bronze,Iris).
Matt black metal structure, Also available in solid oak.
Depth: 20 cm. Diameter: 70 cm, available in diameter 40 cm.

FRACTALE - IRIS. L & . S / ZENITH - IRIS. L & . S

Thermoformed glass IRIS special unique finish.
Black metal structure. Also available in solid oak.
Height: 15cm. Diameter: 40cm.
Available in diameter 70 cm.

RADAR PROJECTS

RADAR PROJECTS also offers you possibility to create custom-made products. These can either be adapted from the RADAR product line or we can work from your brief and create a product from scratch depending on your needs (colour, shape etc.)

New wall lights for a hotel lobby? Solid wood tables for a restaurant ?

We have a close-knit network of creative and experienced designers who are ready to work on your personalised projects.
